

NEUROVISION GLOBAL INTELLIGENCE - FZCO is committed to establishing, implementing, maintaining, and continually improving an Information Security Management System (ISMS) in accordance with ISO/IEC 27001:2022.

The organization recognizes information security as a critical business requirement and commits to protecting information assets against threats that may compromise their confidentiality, integrity, or availability, whether such threats are internal or external, deliberate or accidental.

This commitment applies to all information processed, stored, transmitted, or otherwise handled by **NEUROVISION GLOBAL INTELLIGENCE - FZCO**, including information processed on behalf of clients.

ISMS Objectives

The ISMS objectives of **NEUROVISION GLOBAL INTELLIGENCE - FZCO** are to:

- Protect information assets from unauthorized access, disclosure, alteration, or destruction
- Ensure the availability and reliability of systems supporting business operations
- Reduce information security risks to an acceptable level using a risk-based approach
- Support compliance with applicable legal, regulatory, and contractual requirements
- Maintain trust with clients, partners, and stakeholders
- Enable secure growth, innovation, and service delivery
